

ESWC1

Wiring Centre

- Simplifies wiring and circuit testing
- Suited to all popular heating systems
- Reduces installer time
- Robust fire retardant ABS
- Dedicated terminal block for each system component
- Easy to use and quick to install

Wiring Centre

The ESWC1 Wiring Centre is designed to be a safe and convenient method of system wiring. The ESWC1 provides a safe means of connection whilst reducing installer time by simplifying the wiring and circuit testing, with a dedicated terminal block for each system component.

The ESWC1 is suited to all popular heating systems and manufactured in a robust fire retardant ABS.

Technical Data

Wiring Centre	ESWC1
Protection Rating	IP20
Maximum Ambient Temperature	55°C
Maximum Current - PCB	5A 230V 50Hz
Contact Rating	10A@230V - 50Hz
Voltage Rating	230V 50/60Hz
Current Rating	10A
Fuse Rating	2A 230V 50Hz
